

TOURS + RIDES

Waterfront Loop/Springwater Corridor

EASY

Our most popular ride starts on the waterfront and loops across the river on a paved multi-use path, with great river and city views. Choose a 3.5- or 12-mile loop. The Waterfront Loop also connects to the Springwater Corridor for up to 45 miles of trails.

Eastside Neighborhoods

EASY - 6-20 miles

Visit as many of Portland's unique Eastside neighborhoods as you like, from Ladd's Addition and Hawthorne to Alberta and Mississippi Avenue. Each has its own distinct character, featuring the highest per capita locally owned retail shops and a foodie's paradise of restaurants, micro-breweries, micro-distilleries, and coffee shops.

Rose Garden/Japanese Garden

EASY / MODERATE - 10-15 miles

Two Portland park jewels are nestled in the hills just above downtown Portland: the Rose Garden and the Japanese Garden. The roses in the Rose Garden are in bloom from late May through September and are a perfect place for a picnic by bike. The Japanese garden has been voted the best outside of Japan and is a tranquil refuge any time of year. Our "back way" route brings you through the Pearl district and Nob Hill before entering Washington Park via an old closed road.

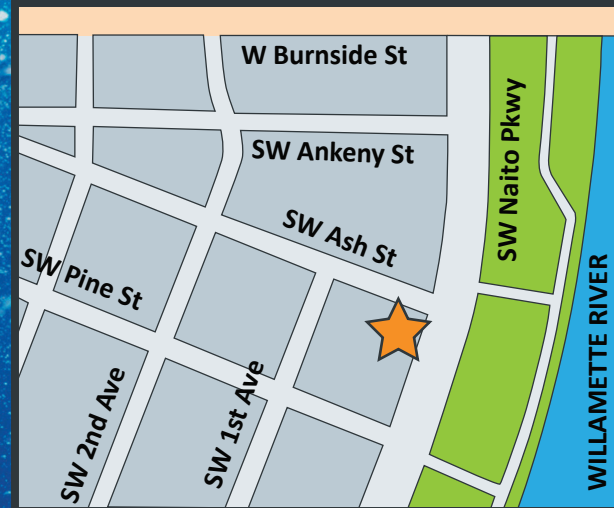

Twin Peaks (Mount Tabor & Rocky Butte)

MODERATE - 18 miles

This ride takes you to the top of two city parks on the Eastside that were built on extinct volcanoes. The hills offer a great aerobic workout, and the views are majestic. Much of this ride, while on city streets, is on designated bike routes.
